Registration and signing of contract

The organiser's exhibitor documentation for the implementation of the trade fair is considered an invitation to submit an offer. The registration of an exhibitor is deemed binding. The contract is entered into at written confirmation of registration by the organiser. The registration can be rejected without explanation. By registering, the exhibitor acknowledges these general conditions and the other exhibitor documentation (registration form, information, stand construction, price lists, service and additional costs).

The organiser's authority to issue instructions

In particular, the exhibitor is obligated to follow the instructions of the organiser at all times, set up the stand within the set deadline and supervise it within the fixed opening times during the entire duration of the trade fair and dismantle it within the set deadline. In case of breach by the exhibitor of the organiser's authority to issue instructions, the organiser is entitled to have the measures deemed suitable (e.g. execution by substitution) carried out at the expense and risk of the exhibitor.

Payment terms

The first invoice on account (50%) will be invoiced after the conclusion of the contract from September and is to be paid within 30 days after invoicing. The second invoice on account (50%) will be invoiced before the trade fair and is to be paid within 30 days after invoicing. The final invoice with all ancillary and additional services is to be paid within 10 days after invoicing.

Direct sales / tastings

The direct sale of goods and services is permitted in accordance with the closing time regulations of the city of Bern. Stands at which food or beverages are delivered for free or for a fee for consumption (in terms of a business or bar establishment) and food and beverage establishments, are subject to the cantonal legislation on catering establishments. The compulsory permit for tasting stands and food and beverage establishments will be obtained by the respective exhibition management for all companies in total. The fees for these permits will be charged pro rata to the holders of tasting stands and food and beverage establishments. The catering company of BERNEXPO AG can also demand a % turnover tax.

Musical performances

Musical performances at exhibitor stands must be arranged with the organiser. The mediation of any kind of music, even for the purely private use of the sales staff, is prohibited, unless the exhibitors have obtained timely legal permission from Suisa, PO Box, 8038 Zurich, phone +41 44 486 66 66.

Advertising campaigns

Free raffles, competitions and advertising of any kind are only allowed with the written consent of the organiser.

Stand allocation

Placement requests will be considered as far as possible, but are not deemed to be a prerequisite. The placement is decided according to topic areas and individual requirements. The overall image of the trade fair is the deciding factor. Objections must be notified within 7 days of dispatch of the plan, otherwise the placement shall be deemed accepted. The organiser is entitled, if necessary, even if it involves deviating from an already confirmed confirmation, to assign the exhibitor a different placement at another location, change the size and weight of their stand, move or close the entrances and exits of the halls or open areas and make other structural changes. For reasons related to the allocation, surface areas that have been enlarged but not reserved or two to four sides that are open but not reserved will be invoiced to the exhibitor. The organiser is not liable to the exhibitor for any consequences arising from the location or surroundings of their stand.

Insurance policies / Disclaimer

It is mandatory to take out an insurance policy for fire, explosion and acts of god. The organiser does not assume any duty of care for exhibited goods and stand fixtures and fittings.

The exhibitor bears all consequences that may arise from the omission of the compulsory exhibition insurance policy. The exhibitor is also obligated to install protective devices on their exhibited items and operating machinery and equipment. The exhibitor is also liable for any personal injury and damage to property resulting from the erection and dismantling of the stand or their exhibited goods.

Special permits

The exhibitors must obtain the necessary permits for the trade fair from the organiser and comply with legally binding regulations. The organiser will not accept any liability regarding an official prohibition of advertising or sales. Any taxes and duties (such as VAT) for authorisations will be invoiced to exhibitors additionally. As far as possible, the attractions will be communicated to the visitors in the trade fair magazine. This requires a timely notification to the organiser.

The Exhibition Management is entitled to give instructions. Anyone who does not follow the instructions may be excluded from participation at any time. This does not entitle the person concerned or third parties to any repayment of stand rent, fees, damages or similar.

Waiver of implementation

Insofar as unforeseen political or economic events or force majeure do not make it impossible or difficult to implement the trade fair, the exhibitors are not entitled to any compensation claims.
